

2022 Spottswode Sauvignon Blanc

Iconic Life

“Sauvignon Blanc Season is Here | The Best Spring Wines”

“Just as a refreshing Rosé heralds the arrival of summer and lazy days spent by the pool, Sauvignon Blanc evokes a springtime vibe. Its piquant, herbaceous quality makes it the ideal accompaniment to spring’s emergent flora. The season is a celebration of eternal optimism and Sauvignon Blanc is a lovely expression of that sense of hope and positivity. Try one of these delicious selections, and savor the essence of the season.”

2022 Spottswode Sauvignon Blanc

“Produced since 1984, Spottswode’s exceptional, classically styled Sauvignon Blanc is considered one of the ‘Super Sauvignons,’ a term coined by wine writer Karen MacNeil to describe **a rarer class of wines considered to be among the world’s utmost expressions of this noble grape.** Other noted wine reviewers have claimed that ‘Spottswode has turned Sauvignon Blanc into an art form.’ Crafted with grapes from Spottswode Estate, as well as those from other iconic family-owned vineyards, **this wine is eminently drinkable yet cellar-worthy. Energetic and sublime, fresh and well-integrated, with extraordinary aromas, effortless poise, and remarkable complexity,** the palate features white peach intermingled with subtle oak and creamy meringue mid-palate.”
