

Aloft

2021 Aloft Cabernet Sauvignon

Howell Mountain

The People & The Place

Situated atop Howell Mountain, at 1,800 feet above the Valley floor, the family's Cold Springs Vineyard is farmed by one of California's most sought-after viticulturist, and family friend, Jim Barbour. It's a gem of a location with a collage of soil profiles, slopes and elevation variances that has become known as the family's playground.

Named after the property's altitude and location above the valley floor, Aloft is the product of the family's continued passion and dedication. Truly a family brand, the Mondavi Sisters strive to create a wine of superior quality that continues to honor their legacy, their land, and each vintage.

The Wine

The 2021 Aloft Cabernet Sauvignon is a wine of remarkable depth and elegance, inviting you to explore the intricate layers of flavors offered to us by the highly sought after region of Howell Mountain, Napa Valley. The nose is a delightful medley of blackberry, blueberry, boysenberry, and black currant, enhanced by savory spices such as dried thyme, oregano, and peppercorn. Baking spices, including clove and nutmeg, and a touch of warmth that continues to remind us of our grandmother's mixed berry pie. On the palate, this Cabernet Sauvignon is a powerful yet refined expression with tannins described as present with a velvet touch - big and pronounced, while also silky and smooth. The flavors of tobacco leaf, freshly ground coffee beans, black tea leaf, and expressive notes of blueberry, blackberry, black cherry, and black currant create a rich and enduring tasty experience.
